Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. If you checked yes, how many? 13 (FTE's)

Comments:

NOTES ABOUT THIS SURVEY:
Various Areas of the AHQ and Addenda: Race/Ethnicity of Patients: The determination of a patient's race is based on the discretion of the admissions clerk. If the admissions clerk is unsure of the patient's race, the clerk must choose "Multi-racial/Unknown". In addition, "Hispanic" or "Latino" are ethnic characteristics, meaning that Hispanic patients may be of any race. As such, the figures provided should be considered only a very rough approximation of true utilization by race at Northside Hospital.
Part D, Item 1: Utilization of Beds: Critical Care Admissions and Discharges: The figures provided represent direct admissions to and direct discharges from critical care beds only. Length of stay in critical care beds cannot be accurately calculated using direct admissions and discharges because these figures do not represent all patients who spent time in a critical care bed (e.g., patients transferred from other units), while inpatient days and discharge days do reflect all occupied bed days.
Part D, Item 4: Government Payment Source: Medicare admissions and days include Medicare managed care, while Medicaid admissions and days include Medicaid managed care.
Part E, Item 1: Emergency Visits to the Hospital: Consistent with past surveys dating back to 2003,based on instructions from DCH staff, only outpatient visits to the ER are to be included in this figure. Total ER visits thus would equal the sum of Lines E.1.and E.2.
Part E, Item 4: Behavioral Health patients in the ER are seen in a multipurpose bed first, before being moved to a Behavioral Health room. These visits are counted twice in Item 4 because 2 rooms are occupied during each behavioral health visit.
Part E, Item 7: Total Observation Visits: Observation patients seen in the Emergency Department are included as Emergency Room visits are not reflected in this total. Total Observation Visits includes all 23-hour patients (observation and extended recovery) served outside of the ED.
Part F, Item 1: Services & Facilities: "ESWL": Northside contracts with two different companies for this service. Each company provides a transportable unit at either Northside Hospital or Northside's Meridian Mark Outpatient Center one or more days per week. No more than one unit is on site at either location on any given day.
Part F, Item 1: Services & Facilities: "Other Organ/Tissues Transplants" represents Bone Marrow Transplants.
Part F, Item 1: Respiratory Therapy Treatments: Beginning with the 2009 survey, Northside began using UB codes to determine the number of respiratory therapy treatments.
Part F, Item 1: PET Units: In December 2020, Northside implemented a CON for mobile PET/CT services provided at its Conyers Imaging location for one day per week. This leased unit is included in the PET/CT unit count.
Part F, Item 1: Ultrasound units and procedures: Per instructions from DCH staff, ultrasound procedures include only diagnostic ultrasounds and exclude prenatal ultrasounds.
Part F, Item 1: Robotic surgery procedures are determined by ICD-9 and ICD-10 codes.
Part F, Item 2: Medical Ventilators: The figure reported includes both adult and infant ventilators.
Part G, Item 1: Budgeted and vacant budgeted FTE figures are estimated.

Part G, Medical Staff Info.: Please note that the medical staffs of Northside Hospital, Northside Hospital Forsyth, Northside Hospital Cherokee, Northside Hospital Gwinnett, and Northside Hospital Duluth have been merged and are thus identical. Northside Hospital does not maintain data regarding the race/ethnicity of its medical staff. Northside does not have figures on medical staff enrolled in Medicaid or PEHB.

Part G, Item 5: Oral surgeons are included in the "Other Surgical Specialties" category.

Part G, Item 5: Other Staff Affiliates are employed by physicians on staff. None can function independently, and thus do not have "privileges" by Northside's definition. These staff have "clinical functions", not clinical privileges.

Surgical Services Addendum, Part A, Item 1: Consistent with our prior surveys, the operating rooms reported here are sterile rooms only.

Perinatal Addendum, Part A: As we have done on past surveys, we have reported the number of C-section rooms under "Number of Delivery Rooms".

Perinatal Addendum, Part C3: Northside does not assign CPT codes to inpatients. This average charge represents those patients classified under MS-DRG 775.

Minority Health Addendum, Item 3: Northside does not have information on the number of physicians, nurses, and other staff who speak the languages listed.
